# PGA Majors Fantasy Pool

*Who knew golf was a team sport.*

**\$30 per Team | Optional Side Bets \$5/ea | Minimum 12 Payouts**

*(Costs covers participation in all four Major Championships. 100% of entry fees are used in payouts.)*

### How to Play...

Enter at <http://www.chazz1400.net>. Then, before each Major, **pick a team of 7 players** from the entry list to be provided and your prediction of the final score under par (tie breaker.) The players you pick earn points for your team based on their daily score.

- 20 points for the low score of the day
- Subtract two points for every stroke higher than the day's low score.
- Earn bonus points for having any of the actual tournament's first thru fourth place finishers on your team.

### Side Bets...

Choose to participate in some, all, or none. Side bets span all 4 Majors.

\$5 per side bet. This is paid only one time when you register.

Side Bet #1 Perfect Pics	Side Bet #2 Shankapotomus	Side Bet #3 Diamond in the Rough	Side Bet #4 Take Dead Aim
To win this side bet, contribute \$5, have all 7 players on your team make it to a weekend, AND have the <u>highest Rd4 point total</u> of all 7-player weekend teams.	To win this side bet, contribute \$5 and have the <u>highest sum strokes</u> of all 80+ rounds.	To win this side bet, contribute \$5 and have the <u>highest single round score</u> of any C-list player.	To win this side bet, contribute \$5, enter a tie break score for all four tournaments, AND have the <u>lowest total stroke differential</u> between your tie break score and the actual tournament winning score.

*Side bets do not favor team points. Win from anywhere on the leaderboard!*

### Payouts...

Receive payouts for the highest point total in a Major and for placing in the top 3\* overall at the end of the pool. Last place overall receives entry fee back.

- The side bets payout at the end of the pool. The entire pot for each bet goes to the winner of the bet.
- \*Payout opportunities are increased as the total number of teams grows, keeping your chances high!
